### **Class Description:**

Want to quilt your quilts on your home machine and maybe free motion quilting isn't for you? Come discover the joy and creative possibilities of quilting with your walking foot. Straight-line quilting has a long history and is making a comeback in both modern and traditional quilts. Learn tips and tricks for successful quilting with your walking foot along with creative quilting designs that can be accomplished on your home machine.

### **Materials List**

Sewing machine with walking foot or dual feed. Please make sure your machine is clean, oiled and in good working order with a fresh needle installed.

An extension table is highly recommended, but not required. (To learn decorative stitch quilting with the walking foot, bring your electronic machine rather than your mechanical machine if you have one.) (If using a dual feed, please bring all the feet that work with the dual feed)

Sewing machine manual

Pillow or chair pad to help us be at the right height for quilting. Chairs at workshop venues can be very low. (Recommended)

Extra sewing machine needles for quilting

Thread for quilting (I recommend 50 weight aurifil thread in both the top and bobbin) Thread that contrasts with your practice sandwiches will help you see your quilting stitches better while practicing.

Painter's tape – 1 roll approximately 1" wide

Quilting gloves (optional)

Hem gage

6" x 24" acrylic ruler

Fabric safe marker

Sketchbook or notebook and pencil

(3) 12" x 18" prepared quilt sandwiches for practice (top, batting, and backing)

(2) 24" x 24" prepared quilt sandwiches for practice (top, batting, and backing)

Practice tops should be whole cloth and solid fabrics. I recommend low loft cotton batting. You can pin baste or spray baste your prepared quilt sandwiches but they need to be basted and ready to quilt. Spray basted quilt sandwiches will be easier to mark.

Optional but recommended:

1 finished quilt top (We'll use this top to talk together about how to quilt our quilts with designs we can accomplish with our walking foot.)

If you have any questions about preparation, materials or equipment for the class, don't hesitate to contact me at [jgeringirre@yahoo.com](mailto:jgeringirre@yahoo.com).
